

ATS 330 E

Automatic Transmission Service

- Micro-processor controlled with keypad
- Automatic and easy to operate
- Extremely fast fluid exchange (Approx. 3-10 minutes)
- Level tubes provide dramatic visual confirmation of fluid exchange
- Allows for quick diagnosis of transmission by reading the pressure and flow of transmission fluid in circulate mode
- Built-in pressure release, eliminates possibility of over-pressuring transmission
- Timer for cleaning cycle
- Evacuate and fill through filler tube as an alternative service
(Model Number ATS 320 E does not have this filler tube service option)
