

# PS 210/220

## POWER STEERING CLEANER & FLUID CONDITIONER

**PS 210 is a professional strength cleaner designed to safely and efficiently remove varnish and sludge deposits from the power steering system. Thoroughly cleans oil passages and other critical components. Deposits are drained out with the used oil.**

**PS 220 is a specially designed power steering fluid that keeps the power steering operating smoothly and quietly. Blended with anti-wear, anti-foaming and anti-corrosion additives for added protection.**

**Contains seal conditioner to prevent minor leaks. These two products will not void OEM warranty.**
